

Digital Music Player LDP-800

Product Information

Digital Audio Output, Integrated FM Transmitter, FM Radio, FM Recorder and More in a Premium Digital Music Player

The Lexar Digital Music Player LDP-800 is the premium Digital Music player, which lets you listen high quality audio, at home, in the car or on the go. It supports MP3, WMA, WMA DRM and OGG audio formats. It includes all of the features you would expect in a Digital Music player such as an FM Radio with FM recording, Voice Recorder and Line In Recording. It also includes other features that you wouldn't expect such as Digital Audio Output and an integrated FM transmitter. With the Digital Audio Output, you can listen to crisp clear audio playback in digital format while connected to your Home Stereo. With the integrated FM transmitter, you can listen to your music files on any radio, including your car stereo. The LDP-800 also includes the Sennheiser MX-400 earbud headphones for crisp highs and booming lows. It also includes a rechargeable Lithium-ion battery with 14 hours of battery life on a single charge as well as an SD card slot for future memory upgradeability.
