Reliable Gaming and Multimedia Storage

Lexar offers a comprehensive line of award-winning memory cards in various speeds, formats, and capacities. With so many options, it's easy to find the right Lexar® solution to fit your needs and lifestyle.

The Lexar Gaming Memory Stick Micro™ (M2™) card is specifically designed for gamers using Sony® PSP®go systems. It allows you to store loads of gaming data, multimedia files, and more. The card is available in 4GB and 8GB capacities.

Take Gaming to the Next Level

Maximize Your Gaming Experience with High-Capacity Storage. The high-capacity Lexar Gaming M2 card lets you unleash the power of your PSP®go system. The card gives you the ability to store more gaming-related content, so you can save your progress in a game, keep custom settings, and safeguard your high scores. You can also download games and store them directly on your Lexar Gaming M2 card for ultimate convenience.

Do More with Your Multimedia. The Lexar Gaming M2 card is also an excellent way to maximize on-the-go entertainment. Store your downloaded multimedia files—music, videos, photos, Internet favorites, and more—and take them with you. This makes it easy to watch movies, listen to music, watch slideshows, and more wherever you go.

Trusted Lexar Performance and Reliability. The Lexar Gaming M2 card delivers performance you can depend on, ensuring your valuable gaming data is reliably downloaded and saved—so you can take gaming to the next level. Compatible with all M2-enabled devices, the card provides reliable, high-capacity storage for gaming, multimedia, and more—making it an excellent solution to your gaming needs and beyond.

Lexar. When Memory Matters.™

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
